## Optik™

A simply stunning range that offers innovation within a classic environment. Optik uses contours to interact with light across the surface of each piece. Perfect for banqueting or fine dining, each item carries its own unique, but sympathetic version of the embossment, adding an air of individuality, sophistication and surprise.

The curves and lines move across the piece, creating highlights and shadows, accentuating the form and inviting the user to explore its tactile surface.

## Opera™

The Opera collection of presentation bowls draw their inspiration from the iconic Sydney Opera House in Australia. Designed in 1957 by Jørn Utzon and completed in 1973, the Sydney Opera House is one of the most architecturally important buildings of the 20th Century.

Opera bowls feature symmetrical but opposing curves to create a fascinating interplay of surfaces, which draw the eye to the food and excite the palate. Suitable for appetisers, entrées and desserts, Opera bowls offer an innovative, elliptical alternative to food presentation.

# Craft™

## NEW ADDITIONS

With a rustic, hand-crafted look and feel, the Craft range is a unique and individual collection that looks at home in all dining environments. With two striking new colourways – Liquorice and Porcini, Craft creates a tabletop that diners will not forget.

The new Liquorice colourway adds drama and sophistication to the entire range and is in sync with the current trend for black tableware. Visually arresting, Liquorice contrasts and co-ordinates with the existing Craft colourways, amplifying the rustic effect and re-invigorating an already iconic and market-trusted range.

Craft the original and arguably the best.

NEW RANGE

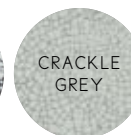

Crackle patterns have a long and distinguished history going back millennia. Crackling occurs when the glaze does not fit the clay body of the ware correctly, causing it to fracture into beautiful linear patterns, covering the entire surface of the glazed piece.

Available in two colourways, Black and Grey, Crackle will add texture and nuance to casual and contemporary food presentations and is aesthetically compatible with both plain white and many of our craft inspired ranges.

The Terramesa range is full of colour and rustic style, and as the name suggests, it has been designed to be both natural and earthy.

Whether it's Mexican food with its hot and vibrant colours, Spanish tapas or Asian food, Terramesa offers an exceptional range of shapes and sizes to complement the colours and ingredients present in these types of cuisine.

With the growing trend for artisan inspired hand crafted ranges Terramesa gives your tabletop that wow factor. Decorated in four complementary shades and hand-finished with a textured reactive glaze on the edge, Terramesa looks stunning when colours are mixed or used independently.

## Art Glaze™

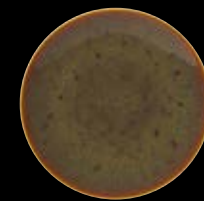

### NEW ADDITIONS

The Art Glaze range from Royal Crown Derby constitutes an upmarket artisan aesthetic allied to the purity and whiteness of fine bone china. Each piece is unique as reactive glazes obtain their beauty through random and chance effects due to kiln firing, glaze chemistry and their being applied by hand.

The four coloured glazes have been developed to be beautiful individually, or in contrast with each other. Special attention has been given to deliver a refreshing, high-end presentation platform to best showcase chef-driven menus.

## Sonata™

Design by Rene Ozorio, the Sonata collection's embossment is a delicate note which complements the strong direction of the shapes. A welcome departure from the formal "nouvelle" and "fusion" cuisine of the past, Sonata's sophisticated embossment of radiant lines centers the visual focus on the well of each plate and bowl, placing emphasis on the cuisine being served.

## Aura Squares™

Divided into three categories: trays, plates and bowls with varying proportions, this collection creates a new tablescape. The pieces lend themselves to composition, layering and contrasting of forms and the smaller foot on the pieces adds a more delicate touch to the conventional straight sided walls. A simple concept with multiple combinations to challenge how we see and eat, this range is perfect for modern Asian and Western cuisine.

## Vortex™

NEW RANGE

A unique machine that not only sanitises in seconds, but keeps drinks cooler for longer without watering down the beverage or altering the flavour and aroma.

Ever wondered why cocktails served in the trendiest bars taste so much better? The answer may not lie in the contents of the glass, but within the glass itself.

A glass that has been cleaned and sanitised properly enhances the overall taste experience. The invisible residue that remains after washing may taint the taste and odour of drinks, compromising the quality of beverage served.

With THRILL, it takes just a few seconds to thoroughly sanitise and chill a glass, leaving it completely free of any unpleasant odours or aftertaste, giving customers the perfect serve and taste experience.

Stylish and theatrical, THRILL is a must have for upmarket bars and restaurants.
